

REMARKS

Claims 36-63 are currently pending in this application, and non-entry of the previously filed June 15, 2004 Rule 116 Amendment is requested. By the foregoing preliminary amendment Claim 46 has been revised, and new Claims 64 and 65 have been added to afford the applicant the breadth and scope of patent protection to which he is entitled. Accordingly, Claims 33-65 are now present in this application for consideration and allowance. This preliminary amendment is clearly supported in applicant's originally filed application and thus adds no new matter to the application.

The Examiner is hereby requested to telephone the undersigned attorney of record at 972/516-0030 if such would further or expedite the prosecution of the instant application.

Respectfully submitted,

KONNEKER & SMITH, P.C.
